

SEASONFORT®

UNTAMED *Backpack Bed*®

SETUP

Place Backpack Bed in a dry flat safe area - open top lid, loosen drawstring and rollout.

MAKE A-FRAME

1. Use built-in ropes (head and foot ends) and secure between objects e.g. trees or fence.
2. Foot end - use built-in foot pole to expose the foot window.
3. For optimum setup - adjust tension and rope length between both ends.

Foot end pole

MAKE A SHELTER

Open up side zip fully and tie built-in corner ropes to secure objects.

- TIP** Unused ropes can be moved to the eyelet for an extra tie up point.
- TIP** Make a Shelter during the day for shade.
- TIP** Unclip and open out mattress cover for easy cleaning.
- TIP** You can add or replace your own mattress.
- TIP** In very hot weather fully open the zip and sleep under the stars.

WEATHER CONDITIONS

WIND CLIPS

Use corner press studs on top fabric and attach to outer corner studs found on bag corners.

- TIP** Use Wind Clips to help protect bag from rain.

RAIN - TWO ZONE OPEN

Behind head (1) and foot window (3) may be opened in A-Frame setup for 2 zone ventilation.

HOT WEATHER - THREE ZONE OPEN

Open head (1), chest (2) and foot (3) windows for 3 zone ventilation.

- TIP** Make A-Frame and ensure chest window (2) is zipped closed. Use velcro on the flap covering the top of the chest window (2) and ensure it is laying flat over the zip.

CARE INSTRUCTIONS

Do not: machine wash, soak, bleach, tumble dry, iron or dry clean.
Allow to dry thoroughly before storing. Store in a cool, dry place.

LiteTrex® fabric

- Only clean lightly with soft sponge and water, dry in shade. Air regularly.
- Coated fabric - avoid surface abrasion and build up of dirt or fabric functions will deteriorate.

ASI® Camp Mat

- Only clean with damp soft sponge and water, dry in shade.
